

VX 500 \$69,500

Standard Equipment Included

24 Tool ATC

Call Light

Chip Guards

Coolant System

Rigid Tapping

FANUC 0iM Control

Spindle Load Meter

Spindle RPM Meter

Spindle Speed Override

Work Light

Splash Guard

Leveling Bolts

Manuals

Rigid Spindle Construction

Minimizes thermal distortion, provides for rigid and precise cutting

High Precision Linear Guide Ways

Designed with high speed slip-stick free accuracy

Pretensioned Ball Screw

Each axis has a large double anchored ball screw to provide high rigidity and minimize thermal distortion

High Tool Clamping Force

Wedge type mechanism produces twice the tool clamp force as spring type clamps

Table Size	47.2"x19.7"
Max Table Load lb	1,746
Travel X/Y/Z inch	41.6/20.1/25
Rapid Traverse X/Y/Z ipm	1,417/1,417/1,181
Main Spindle Speed rpm	8,000
Spindle Taper ISO	#40
Spindle Power hp	20/15
Tool Capacity	24
